

Person Completing Form: _____

Directions: Once the student has been included in an environment, it is necessary to continue to examine the effectiveness of the strategies being utilized. This tool should be used on a regular basis to guide the ongoing communication between the partner teacher(s) and the paraeducator. The general education teacher and/or paraeducator should complete the form. When there are significant concerns regarding the strategies being utilized, a meeting should take place in which the partner teacher(s) and paraeducator can use a problem-solving format to make the necessary changes.

The instructional and behavior strategies being utilized are helping the student make progress in....	Yes	No	Comments
